FIRE PERMIT REQUIREMENTS

Duration of Burn	The release of visible smoke must cease after 72 hours, or when instructed to do so by the Chief Administrative Officer, or those persons authorized by him/her.
Smoke Free Period	Open burning must be separated by a smoke free period of at least 15 days.
Burn Periods	Open burning can take place on the same land only 4 times per year.
*Weather Conditions	<p>In all areas, open burning must only take place under the appropriate weather conditions. Weather must be conducive to dispersal of smoke, as specified by:</p> <ul style="list-style-type: none"> a) venting must be considered "good" on the first day of burning; b) venting must be considered "good" to "fair" on the second day of the allowable burn period; and c) piles must be clean and dry. <p>Debris must not be added to the open burn if:</p> <ul style="list-style-type: none"> a) weather conditions change and the ventilation index becomes "poor"; b) local winds make the dispersion of the smoke inadequate or c) any inversion forms trapping smoke near the surface.

For land clearing fires, District staff will check the Ministry of Environment's ventilation index for the day the permit is to be issued:

- 0 - 33 is considered "poor"
- 34 - 54 is considered "fair"
- 55 - 100 is considered "good"
